EPFO can Invest up to 5% of Surplus in AIFs to Boost Infra

NEW NORM effective from Mar 15

Our Bureau

New Delhi: The labour ministry has notified the changes in the investment pattern of the Employees Provident Fund Organisation (EPFO), paving way for the retirement fund body to invest up to 5% of its investible surplus in alternative investment funds (AIFs) that support infrastructure, MSMEs, venture capital funds and social venture capital funds.

Unlocking Funds

It allows EPFO to invest 5% of its surplus in AIFs

New pattern in line with the one notified by finance ministry

Move will unlock huge domestic capital

EPFO manages a corpus of ₹12 lakh crore

EPFO will have to seek approval of its CBT

The EPFO manages more than ₹12 lakh crore of retirement savings of over six crore subscribers. The new investment pattern has been made effective from March 15, 2021.

In March the finance ministry allowed non-government provident funds, superannuation funds and gratuity funds to invest in units issued by Category I and

Category II AIFs regulated by Sebi after persistent demand by industry to make domestic capital available for investment in start-ups.

With this change, the provident fund organisation now has the option to invest in AIFs whose corpus is equal to or more than ₹100 crore with maximum exposure to a single AIF capped at 10% of the AIF Size. "However, this limit would not apply to a government sponsored AIF," the ministry said in a recent notification.

April GST Mop-up to Surpass ₹1.15 lakh cr: SBI Research

Our Bureau

New Delhi: GST collection for April was likely to surpass ₹1.15 lakh crore despite restrictions and lockdowns imposed by several states on account of the second wave of Covid-19 sweeping through the country, according to State Bank of India Research. Any disruption in GST collections would be transient in nature and states would see comfortable GST collections for the current fiscal, the state lender's research arm said in a report on Friday.

GST revenues have stayed above the ₹1 lakh crore mark for the past six months from October till March, when collections touched a record high of nearly ₹1.24 lakh crore.

GST E-way bill generation was also likely to come in at over ₹5.5 crore in April, the report said. Despite the curbs imposed by various states, the month's all-India GST E-way bill had reached ₹4.89 crore till April 25 "and we estimate it to cross ₹5.5 crore comfortably, given the past trends", it said.

Core Sector Output for March Hits a 32-Month High of 6.8%

Our Bureau

New Delhi: India's core sector output hit a 32-month high of 6.8% in March, helped by better production of steel, cement and electricity, data released by the government showed on Friday.

Analysts, however, said the increase was weaker than anticipated. Full year core output in FY21 shrank 7% — first contraction in the last eight years — as production contracted in nine months of the financial year.

The core sector index, which measures output of the eight infrastructure sectors, had contracted 8.6% in March last year, providing a low base effect for March 2021.

FY21 infrastructure growth slows to 8-year low

"The March, April and May growth number for core sector and industrial growth was expected to be high and misleading as they come on the back of sharp declines registered last year," said Madan Sabnavis, chief economist at CARE Ratings. The 6.8% growth in March must be interpreted with caution and this will be the theme in the next two months too, he added.

Aditi Nayar, chief economist at ICRA, said the pace was weaker than the forecast 10% expansion. The low base of last year, when the economy had tanked because of the nationwide lockdown, is expected to amplify growth for the next three months, masking the impact of the severe second wave of the pandemic. "We have observed a slackening in the sequential momentum in April 2021 in electricity demand, vehicle registrations, and generation of GST e-way bills, revealing the impact of the recent surge in Covid-19 infections and localised restrictions," said Nayar. The core sector — coal, cement, steel, natural gas, electricity, fertilisers, crude and refinery products — together have over 40% weightage in the Index of Industrial Production (IIP), suggesting a statistical bounce back in industrial production as well.

States to Receive ₹15kcr Additional Capex from Govt

Our Bureau

New Delhi: The finance ministry on Friday announced an additional capital expenditure support of up to ₹15,000 crore for states in the form of interest-free 50-year loans.

Although the decision is an extension of a similar scheme launched as part of 'Atma Nirbhar Bharat' package last year, a new provision encourages states to disinvest state public sector enterprises and to monetise or recycle infrastructure assets.

From the ₹5,000 crore allocated as part of this incentive, states will receive loans ranging from 33-100% of the amount realised through asset monetisation, listing and disinvestment, a finance ministry statement said.

सोहळ्यात १५० जण उपस्थित
आयोजकांवर गुन्हे; सभागृहाला ५० हजारांचा दंड

लढा कोरोनाशी

ठेवले जात आहे. शुक्रवारी, बाबुलनाथ मंदिराजवळील दादीसेठ मार्गाजवळ असलेल्या संस्कृती सभागृहात सुरु असलेल्या लग्न सोहळ्यात मोठ्या प्रमाणात व्हाडी जमल्याची माहिती पालिकेच्या 'डी' विभागा कार्यालयातील अधिकाऱ्यांना मिळाली. तेव्हा, अधिकाऱ्यांच्या पथकाने तातडीने संस्कृती सभागृहाकडे धाव घेतली. तिथे

छापे टाकले असता, सभागृहात विवाह कार्यक्रम सुरु असून त्या ठिकाणी १५० जण उपस्थित असल्याचे आढळून आले. लग्न सोहळ्यात गर्दी असतानाच दोन व्यक्तींमध्ये आवश्यक असलेले सुरक्षित अंतरदेखील ठेवण्यात आलेले नसल्याचे दिसून आले. या ठिकाणी नियमांचे पूर्णपणे उल्लंघन केल्याचे आढळल्याने कारवाई करण्यात आली. पालिकेने संस्कृती सभागृहाला ५० हजार रुपयांचा दंड आकारला आहे. तसेच, सभागृहाचे चालक आणि लग्न सोहळ्याचे आयोजन करणाऱ्यांविरुधात गावदेवी पोलिस ठाण्यात गुन्हे दाखल केले, असे डी विभागाचे सहाय्यक आयुक्त प्रशांत गायकवाड यांनी सांगितले.
